

# STAYING AHEAD OF CYBER THREATS

Are you aware of your current  
ATTACK SURFACE and EXPOSURE RISK?

## CONTINUOUS THREAT EXPOSURE MANAGEMENT (CTEM)

**CTEM IS THE NEW SOC:**  
FROM **ALERTS** MONITORING TO **RISKS** MEASUREMENT

SUPPORTED BY NEXT-GEN **AI-DRIVEN** 24X7 SECURITY OPERATION CENTER (SOC)

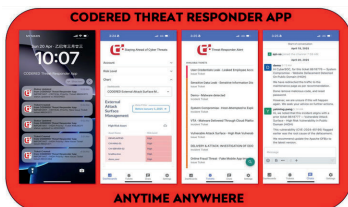

### EXTERNAL ATTACK SURFACE MANAGEMENT (EASM)

Shadow IT Detection and  
Vulnerability Management

### PHISHING AND SCAM SITES MONITORING AND RESPONSE

Brand Protection

### SUPPORTED BY 24X7 SOC VIA THREAT RESPONDER MOBILE APP

AI-Native SecOps Integration  
with Gen AI Contextual  
Detection and Consensus  
Prediction

### DARK WEB AND HACK THREAT MONITORING AND RESPONSE

Sensitive PII Data Leak  
Detection and Account  
Takeover (ATO) Prevention

### SYSTEM COMPROMISE

Subdomain Takeover and  
Malware Sinkhole Detection

**WE ARE YOUR FIRST LINE OF DEFENSE** [MONARCHCYBERSOLUTIONS.COM](https://monarchcybersolutions.com)

## COMPLETE SOLUTION FOR EXTERNAL ATTACK SURFACE MANAGEMENT AND MANAGED DIGITAL RISK PROTECTION

### How does it work?

#### Attack Surface Discovery

- Internet-facing digital asset discovery
- Public exposure and misconfiguration
- Vulnerabilities and low hanging fruits

#### Comprehensive Digital Footprint Coverage

- Websites, forums, dark web, social media and app stores
- Impersonation threat, scam and brand infringement

#### Actionable Threat Intelligence Aggregation

- Over +100 of public, private and commercial threat database
- Multi-channel threats aggregation and exposure categories
- Multi-platform integrations for brand and scam protection

#### Exposure Risk Analysis

- Comprehensive exposure coverage
- Integration with SOC workflows
- Utilization of AI and machine learning platforms for automated threat detection and attack surface analysis

#### 24x7 SOC Monitoring and Response

- Automated and managed threat response
- Automated takedown services
- Account Takeover (ATO) prevention
- Custom SOAR integration

### Why do you need it?

#### 1 Proactive and Pre-emptive Protection

Upgrading from vulnerability management to exposure risk and attack surface management. Maintaining a proactive security posture to prevent security breaches.

#### 2 Actionable Threat Intelligence / Early Warning System

Wide-ranging threat intelligence databases integration and aggregation to provide a unified view of potential cyber threats.

#### 3 24x7 SOC Monitoring and Response

Integration with our in-house SOC workflows for automated threat hunting, detection and response with the use of AI and machine learning technologies. Reduced Mean-Time-To-Detect (MTTD) and Mean-Time-To-Respond (MTTR).

#### 4 Automated and Managed Takedown

Automated takedown reduces Mean-Time-To-Respond (MTTR) to minutes and hours.

#### 5 Account Takeover (ATO) Prevention

ATO prevention with Active Directory integration and other security platforms with SOAR connectors.

#### 6 Zero False Alarm

Security assessment and validation by our 24x7 cyber security specialists.
